

CPC® Refresher

This course will benefit the Certified Coder by providing a thorough refresher in all areas of coding.

- Surgery challenges in each chapter of CPT
- Anesthesia code selection and unit calculation
- Radiology and Pathology coding
- Review of Medicine chapter including Psychiatry, Infusions and more
- Evaluation & Management Services with focus on understanding levels
- Review correct use of CPT Modifiers
- Locate and understand application of ICD-10 official coding guidelines
- Use of HCPCS codes
- Hands-on case study application using questions taken from the AAPC proprietary test bank

All Instructors are Certified AAPC Instructors and proudly carry the CPC-I credential.

This seminar provides a comprehensive overview of the AAPC Professional Medical Coder Curriculum as used in the Texas Career Center Professional Coder Training program.

It does not guarantee achievement of the CPC® credential.

A combination of previous training and/or experience is recommended as for any AAPC examination.
