Your Instructor

Tamra R. Lahmer, CPC, CPMA, CPC-I, CCS-P, MCS-P Tamra is known for her genuine ability to inspire physicians and students toward becoming more successful by teaching the importance of coding, billing and healthcare operations. Tamra has been a licensed instructor of advanced coding and billing for 15 years and is also an approved AAPC instructor for their coding curriculum and an AAPC ICD-10 national trainer. Tamra is a national consultant, active in the performance of multi-specialty medical record audits, an expert witness in health care litigation and a seasoned public speaker.

Past seminar attendees and students had this to say....

"This instructor is very knowledgeable and demonstrates experience in her field. I learned many things to assist me in my knowledge of coding."

"Very informative. Nice to have small class size. Impressed with the one-on-one interaction."

"Tamra's knowledge and enthusiasm in presenting the subject matter was tremendous!"

"It was very detailed, and I was able to learn some things that I have never come across before in coding. It was very informative!"

"This class was so thorough and well timed to allow for discovery and discussion."

OPERATION: CPC!

3-day CPC® Prep Course & Exam!

- Seeking to achieve the gold standard of medical coding – American Academy of Professional Coders Certified Professional Coder CPC® credential?
- Does your current position need to be developed into a more secure and rewarding means of employment?
- Are you a certified coder needing a strong refresher in all areas of coding, as well as a **LARGE** dose of CEUs?
- Are you an office manager, practice administrator, billing or compliance manager seeking to gain both knowledge and respect in your current position?

One fee includes BOTH training and CPC® Exam fee!

(does not include AAPC membership fee)

\$1,595.00

Registration must be completed two weeks prior to the course date.

Interested in a private course?

Company discounts will be offered to corporate based programs with a group of five or more attendees. Course will travel to your location or may be conducted at the Texas Career Center campus. Textbook used is the AAPC CPC® Study Guide and is included in the price of the seminar.

Dream * Believe * Achieve

24
CEUs

This course includes three full days of classroom instruction. The AAPC CPC Study Guide is the approved material and is included with the boot camp. Students will also take a mock CPC exam created from the AAPC official test bank of questions. Great prep!!

CPC testing is included in the price of this training. Students are responsible for providing their own current year CPT, HCPCS and ICD-10 books. Students who elect to take their CPC exam will qualify for a discounted exam fee by attending this course.

Successful achievement of the CPC® credential requires a strong knowledge of medical terminology and anatomy. Although not required, it is highly recommended to have prior training in these areas prior to attending the Operation CPC boot camp.

Day One

CODING FUNDAMENTALS

- CPT, ICD-10, HCPCS
- Coding Hierarchy and Levels
- Coding and Reimbursement

REIMBURSEMENT METHODOLOGIES

- Professional vs Facility
- CMS RBRVS Structure
